

Out Side In is a not-for-profit organization, located on 25 acres in beautiful Grand Haven, specializing in Equine Assisted Psychotherapy (EAP) for men, women and children living in the communities of West Michigan. EAP has quickly become recognized as a successful method of treatment for mental, emotional and behavioral concerns resulting from trauma, death, divorce and abuse, as well as a wide range of Autism Spectrum Disorders.-especially in treatment resistant individuals.

Out Side In is also home to many thoroughbred horses, whose fate most likely would have been a long haul across the United States border to the slaughterhouses of Mexico and Canada. Recognizing the parallels between displaced horses and displaced humans, *Out Side In* has become a thoroughbred rescue site, focused on the rehabilitation of these horses.

The **Horses for Heroes** program pairs US Veterans, who may be suffering from the effects of PTSD or other pre/post deployment issues, with rescued horses in need of rehabilitation, with a goal of developing a mutually beneficial therapy relationship for both.

Out Side In is a 501 c 3 not-for-profit organization. Donations to *Out Side in* are tax-deductible as allowed by law. No goods or services are given in exchange for contributions and all gifts will be directed to the area intended by the donor. As a charitable entity, *Out Side In* provides services to all, regardless of their ability to pay.
