2015 Inaugural Golf Outing
Oak Ridge Golf Club
September 12, 2015

Out Side In (OSI) is a not-for-profit organization located on 25 acres in beautiful Grand Haven and specializes in Equine Assisted Psychotherapy (EAP) for men, women and children living in the communities of West Michigan. Out Side In rescues unwanted Thoroughbred horses and uses them to treat those who suffer from emotional, behavioral and mental health issues.

EAP has quickly become recognized as a very successful method of treatment for many different populations and is particularly effective for those who don't respond to traditional treatments. OSI specializes in treating trauma victims including women and children who have been the victims of physical, sexual and emotional abuse and US Veteran's suffering from PTSD. OSI is the only facilities of its kind in Michigan offering Equine Assisted psychotherapy by Licensed Therapists and Equine Specialists.

Our goal with the first annual Horsepower Golf Outing is to raise funds to meet the increasing demand for services-especially for the Horses for Heroes program. All proceeds will go directly toward providing therapy for those who are under or uninsured.
